Dear reader, imagine a website like Onlyfans, but working like Netflix...

It would be very good, wouldn't it? Paying only a monthly fee and being able to enjoy all the content!

BadXGirls is starting to do this with the TopXModels project: models from all over the world are already sending their pictures in the test phase of the project, but soon you will be able to see them all, both with home and professional pictures.

And the best part: sent by the models themselves, just like Onlyfans... But working like Netflix! The models will earn between 25 and 75% of the total monthly income of the project, which will pay them for the number of photos they publish and the amount of paying user traffic they generate.

But there is more: we will also launch TopModel World and Top HomeGirls magazines for the no nudity photos of the models, so that they can also be hired by the fashion market, the advertising market and by people who don't want adult content.

At this stage, we need help to support the models, while the project is not officially launched. And you can collaborate with us and the models by making a donation using the button GO!

BadXGirls will give you 30 days access for each donation to the new and still unreleased magazines Bad PornStar, Bad HomeGirls and Bad TopModel, as well as the new Bad Videos XXX!

There's more: every week, one of the other paid BadXGirls magazines will be waiting for you, in a weekly updated folder which we will give access to the same e-mail you used in the donation.

With your help, we help the models at this stage: then you subscribe if you like it, they share the monthly income and we are all happy, isn't that great?

GO!
